students conceptualize, plan and execute. The objective is to create a bridge, a platform for the students to work in cross functional teams with a broad objective of enhancing their leadership skills and giving back to the nation. In the process, the students work in leadership roles while operationalizing projects that are based on self-development, skill building, community service and nation building.

### WHEREAS:

At TECHNO we strive to develop creative thinking in the students. A lot of care is taken to develop the four most critical skills, Technical, Conceptual, Human and Communication, which helps them to make leaders –managers.

The theoretical concepts taught in the classes are substantiated by numerous case studies on each topic of the concerned subject so that a holistic understanding of the management function is ingrained in the students and their decision making skills are fine tuned. The student is required to back up each subject with a practical primary data based research project report in each semester, which gives him/ her the practical exposure and application in the real corporate world.

We like to call our class rooms as board rooms where a lot of brainstorming is encouraged as we want our students to think and act and not just listen. The faculty encourages the questions from the students so as to evoke the thought process and increase their "out of the box" thinking capabilities.

Each subject has quiz and MCQ tests to evaluate the depth and the width of the subject understanding of the students in addition to the regular Semester Exams.

Techno Group of Institutions, accompanied with world class infrastructure may lead to render need based and magnificent management education. The syllabus of the two-year, full-time Post-Graduate Programme in Management has been designed by joint efforts of Academia and Industry Professionals.

TECHNO has an intellectually active and verdant Wi-Fi campus with a very conducive environment for fetching high prospects of learning and research. The institute is able to offer ample opportunities to youngsters through executive training, consultancy and international exposure.

### NOW THEREFORE, BOTH THE PARTIES HEREBY AGREE AS UNDER
