VISION & MISSION

Vision:

To provide students with supplementary skills and knowledge that complement their academic learning, empowering them to excel in various aspects of their personal and professional lives.

Mission:

To offer specialized courses that cater to the diverse interests and talents of students, enhancing their overall learning experience.

To equip students with practical skills and competencies that are relevant to their future careers or personal pursuits.

To foster a conducive learning environment that encourages creativity, critical thinking, and innovation.

To collaborate with industry experts and professionals to deliver high-quality instruction and mentorship.

To promote holistic development by integrating values-based education and character-building activities into the curriculum.

To continuously evaluate and improve the add-on courses based on feedback from students, educators, and stakeholders.

To instill a lifelong interest for learning and self-improvement among students, preparing them to adapt to an ever-changing world.
